

The King Baudouin Foundation in partnership with the European Policy Centre

is offering

Two Ukrainian Think Tank Fellowships

In recognition of the current war in Ukraine and the need to support Ukrainian civil society, the King Baudouin Foundation in partnership with the European Policy Centre (EPC) are creating two remunerated fellowships (24.000 EUR per fellowship) to support **staff of Ukrainian think tanks** aiming to enable the continuation of their activities to ensure democratic Ukraine's voice endures. The fellowship is initially limited to one year. The fellows will be hosted by the European Policy Centre in Brussels.

The Fellowships are open to Ukrainians currently working for a Ukrainian Think Tank committed to democratic values. The successful applicants will be expected to maintain links with their original professional affiliation and work with the EPC on a temporary basis unless the current circumstances result in a long-term change of their residence status.

The core aim of these Fellowships is to ensure that the voice of democratic Ukraine continues to be heard and supported, so the successful applicants will be expected to focus on the effects and implications of Putin's war of aggression for Ukraine, Europe, the European Union and/or the future global order. Possible areas of specific focus could include Ukrainian foreign and security policy, EU-Ukraine relations, energy security, energy transition, misinformation and the role of civil society.

Please send your CV, evidence of affiliation with a Ukrainian Think Tank committed to democratic values for at least the past two years and a cover letter outlining the activities you would envisage as part of this fellowship to cv@epc.eu by April 15th, 2022.
